

# ANNOUNCING THE 2010 SEASON AT PROCYON WILDLIFE

Our Mission: Procyon Wildlife is dedicated to working with our communities in an effort to help wild animals in need of care. Our goals are to rescue, rehabilitate and safely release these animals and to promote public appreciation for wildlife preservation.

## Our Accomplishments in 2009:

- The dedication of our 80 Volunteers enabled us to admit and care for over 600 wild animals. Most of these animals were released back into their natural habitats but some of them are still with us for the winter to be released in the spring.
- Under the supervision of our Site Coordinator, Jeff Wilson, our volunteers built many new outdoor enclosures for fawns, raccoons, squirrels and rabbits. We recently completed an indoor small mammal nursery.
- We received generous monetary donations from Supporters and from Wildlife Rescuers. Many Veterinary and Pet Supply companies provided us with much needed food and supplies.
- Volunteer Lisa Piellusch designed, built and maintains the Procyon Website.

## What 's New in 2010:

- A 5-acre deer enclosure will be built on land leased to us at no charge by Cathie Brenner and Scott Anderson.
- We will install X-ray equipment that was recently donated by Koch Spine Centre in Hamilton.
- Travelworks Volunteers from Germany will work with us year-round.
- Additional outdoor enclosures will be built for raccoons and other small mammals.
- Memberships are available .
